Tēnā koe Alex,

Reporting requirements notice: Approved information sharing agreement facilitating services for veterans and other claimants.

I am writing to formalise updates to the reporting requirements for the approved information sharing agreement (AISA) facilitating services for veterans and other claimants, which enables twelve public sector agencies to collect, use, and share certain personal information about veterans and other claimants to facilitate public services.

The updates to the reporting requirements are outlined in new Schedules H and M. The Schedules are to facilitate new sets of operating procedures under the AISA, which enable sharing between Corrections and Veterans' Affairs and the Ministry of Education and Veterans' Affairs.

Part 7 of the Privacy Act 2020 and the Privacy Regulations 2020 set out the details that I can require Veterans' Affairs to report on. I have considered the cost of reporting, the degree of public interest in the sharing arrangement and the impact on individuals' privacy.

These requirements will be modified as further related processes covered by the AISA are implemented by Veterans' Affairs.

As an important transparency measure, this letter and the notice will be published on our website.

Ngā mihi

Privacy Commissioner
